

Join us in this unique program in which we combine learning French or Spanish with all the fun and excitement of dancing, singing, doing puppet shows, and painting. Spanish or French songs, sports, creative dramatics, art, ballet and fairy tales are all used to stimulate the children's interest in a foreign language. They become knights and princesses and experience the magic of imaginative play as they learn a new language and develop their creativity. Our instructors are fluent in their native language and are excited to share their cultural knowledge and love for their language with your child. Program meets 5 days a week, but there is a three-day and two-day option available.
